\$200,000 Saved per year by reducing emergency health, shelter and crisis care costs, according to National Alliance to End Homelessness data.

Redtail Ponds is Northern Colorado's first **Permanent Supportive Housing** community. Developed and managed by Housing Catalyst, Redtail offers 60 apartments for people with disabilities who have experienced homelessness. Multiple support services located onsite help people gain stability in their lives. The data in this report demonstrate a year of success. The real story behind the numbers is one of hope and healing, woven by people who have formed a community in a safe place they can call home.
